# Introduction To The Company

At SKR Transport, we believe logistics should be the easiest part of your supply chain. Founded over 20 years ago, we have grown from a local transport initiative into a comprehensive logistics provider. Operating out of our headquarters in Saidapet, Chennai, we have built our reputation on a very simple premise: we transport goods, and we do it exceptionally well.

# Fleet & Network Capacity

We maintain a versatile, well-serviced fleet of vehicles ready to handle any specific cargo requirement. Our range includes agile light commercial vehicles like the Tata Ace and Ashok Leyland Dost for quick local transits, up to larger transport trucks including 14-foot, 17-foot, and 20-foot variations. To accommodate unique loading needs, we offer specialized configurations, including 20-foot open-top and side-open trucks.

## On-Demand Partner Network:

We understand that logistics can be unpredictable. For highly urgent shipments or sudden surges in volume, we leverage our expansive network of trusted, partnered vehicles. If you have an immediate requirement, we can seamlessly source and arrange the exact truck you need without delay.

## Digital Innovations

At SKRTransport, we carefully plan and optimize every route to ensure safe, fast, and efficient delivery of goods. By analyzing traffic conditions, distance, and delivery priorities, we select the most effective routes to minimize transit time and avoid delays. Our team maintains constant coordination with drivers and clients, ensuring real-time updates and smooth execution. With a strong focus on planning and operational control, we ensure that every shipment reaches its destination securely and on schedule.
